

AF100W IIIK2

\$249.95

Developed for musicians, now made for you. Inspired by the Audiofly PRO range, the wireless AF100W features a dual membrane microdriver used by musicians and an over-ear hook design that hangs on tight while headbanging. With wireless Bluetooth® supporting aptX and AAC, and an IPX-5 water resistance rating, the AF100W is a fitness game-changer.

Key Selling Points:

Magnetic touch charging

Secure, performance ready design

8 hours play time (9 hours talk time)

Features:

- Design derived from Audiofly's PRO-industry In-Ear driver

Reviews

“The Audiofly AF100W earphones are the result of an Australian company’s audio expertise in designing pro-musician and recording headphones with multi-driver technology. They’ve brought that to the consumer in stunning fashion.”

Stephen Fenech,
Tech Guide [Australia],
December 2017

“At \$189 these are just stunning value for the sound you’re getting out of them.”

Trevor Long,
EFTM [Australia],
November 2017

“The Audiofly AF100W turns out to be a good choice if you are looking for simple, light wireless intras and, above all, with a very good sound reproduction to accompany you during your workouts.”

Benoît Champion,
Les Numeriques [France],
September 2017
