

New Product Announcement

DRAGONTAIL[®]

USB A-FEMALE → MICRO-MALE ADAPTOR USB A-FEMALE → C-MALE ADAPTOR

A-FEMALE → MICRO-MALE

A-FEMALE → C-MALE

AudioQuest now has two ways to connect your DragonFly Black and DragonFly Red to smartphones and computers equipped with either USB-Micro or USB-C inputs.

Like our existing DragonTail USB Flexible extender, these two DragonTail extenders are Carbon performance level AudioQuest USB adaptors. They include semi-solid 5% Silver conductors, our sophisticated Carbon-Based Noise-Dissipation System, and are direction-controlled for reduced RF noise.

DRAGONTAIL USB-C & USB-MICRO ADAPTORS

- Semi-Solid 5% Silver Conductors
- Carbon-Based Noise-Dissipation System minimizes RF Interference
- All metal Direction-Controlled for reduced RF Noise
- Hard-Cell Foam Insulation ensures Critical Geometry Stability
