

X14

Right on
the spot.

Ultra-compact but undeniably high-end: The Excite X14 brings an extraordinary level of sophistication and refinement to the compact loudspeaker category.

The X14 is the most compact Excite model, yet delivers true high-end sound quality to any system by virtue of its long-excursion mid/woofer, refined soft dome tweeter and first-class crossover components. The exquisite sonic balance, underscored by an unbelievably deep, fast and perfectly controlled bass response is a rarity in this price class.

A Dynaudio specialty plays a major role: extremely lightweight aluminium voice coils and exceptionally

large, powerful magnet systems are utilized in the X14 tweeters and mid/woofers. The music signal reproduced is graced with incredible precision, dynamics and accuracy. Moreover, the X14 is easy to drive with a wide range of amplifiers due to the amp-friendly 8 Ohm impedance.

The beautifully crafted cabinet is equally refined: exquisite natural wood or satin lacquer finishes ennoble the rigid, solid enclosure while the minimal distance between tweeter and mid/woofer serves to improve timing and phase. The Dynaudio Stand 3X and Stand 6 speaker stands, SF1 speaker feet, and assorted wall mount brackets are perfect accessories available for optimizing placement of the X14.
