

# IsoTek® | PERFORMANCE

## MAXIMISE YOUR ENTERTAINMENT

Without mains power, no audio or audio-visual component can function. Your musical enjoyment is reduced by mains noise contamination – this can be from either Differential or Common Mode mains noise. Differential noise is created by the power supplies in all electronic devices, while Common Mode noise is introduced by RFI and the wireless communications that are becoming increasingly common.

With the Performance range you will hear significantly better sound quality, with more detail and greater dynamic range. All of your components will be improved and protected, allowing you to realise the best possible performance whenever you listen.

YOUR SYSTEM VALUE

£3,000 - £12,500

## EV03 SOLUS

Hi Fi World  
5 Globe Winner

IsoTek's most affordable rack-width component conditioner improves audio and audio-visual electronics whilst fitting neatly into a hi-fi rack. An award-winning, simple and effective way to upgrade the sound of your hi-fi.

- Removes Common Mode and Differential Mode mains noise.
- RFI reduction 45dB.
- Unique Individual Differential Gate® filter network improves the isolation between each of the six outlets, further eliminating cross contamination.
- KERP® (Kirchoff's Equal Resistance Path) ensures equal resistance and equal power delivery across all outlets. No outlet gets power before the next, a common problem with other power products which daisy chain outlets together.
- 22,500A of instantaneous protection, featuring IsoTek's unique sequential protection system.
- Internal wiring; multi-strand silver plated OFC copper with PTFE dielectric.
- Independent outlets – no outlets are connected together, stopping Differential Mode cross-contamination.
- Maximum power, continuous 2,300W.
- Available in UK, EU, US, AU, CH and ZA sockets.

“Want clean mains to power your hi-fi? IsoTek's range of passive mains conditioners promises you all that and more. Try it in your own home to fully experience the benefits, once you've done so, we're convinced you'll be hooked.”
