Hear it One: smart, audiophile & comfortable

Dynamic headphone with neodymium magnetic transducers satisfies with audiophile playback and classy looks. **Hear it One** offers more detail, than most headphones costing twice or more. Their **leather head-band** can easily be adjusted and **soft ear cushions** made from memory foam with **leather coating** make it easy to hear music for hours. A woven cable with **bend-protection** made from high purity oxygen-free copper (**HP-OFC**), high-quality gold-plated plugs guarantee undisturbed **low-loss** signal transmission.

Hear it headphones prove again, that outstanding quality needs not to be expensive.
