

# IsoTek® | DISCOVERY

## BEGIN YOUR JOURNEY

Discover IsoTek's award-winning range of power conditioning systems developed to improve, enhance and protect the sensitive audio components you own. Power is the first input to any home entertainment system; it flows through the system, used by each component in turn to create the signal that moves the speakers' drive units and delivers the pixels on the screen. What we see and hear is fashioned from, and by, mains electricity – it's the 'raw material' from which the 'art' is created.

The Discovery range offers an affordable way to not only protect your investment from dangerous power surges and voltage spikes, but also to guarantee the best possible performance whenever you listen.

YOUR SYSTEM VALUE

UP TO £3,000

## EVO3 MINI MIRA

Designed specifically for audio-visual applications and utilizing the already highly praised Mira circuit, Mini Mira's unique 'Triple Resonance Filter'® improves performance and protection for CRT, LCD, LED and plasma screens, and is also fully compatible with projectors.

- Removes Common Mode and Differential Mode mains noise.
- RFI reduction 30dB audio, 40dB visual.
- Independently conditioned outlets – stops Differential Mode cross contamination.
- Triple Resonance Filter® give ultimate visual performance as well as stopping 'in-rush' currents, which reduce a component's life span.
- 22,500A of instantaneous protection, featuring IsoTek's unique sequential protection system.
- Internal wiring; multi-strand silver plated OFC copper with PTFE dielectric.
- Maximum continuous power 2,300W.
- Available with UK, EU, US, AU, CH and ZA sockets.

“The Mira’s effect was immediately noticeable on all displays... The IsoTek Mira should be auditioned by anyone interested in achieving the very best picture and sound quality.”
