

Z240 Stereo Integrated Amplifier

Introduction

The new dynamic, 50 Watts per channel Z240 amplifier boasts a luxuriously thick 'Z200' fine-textured aluminium fascia. Its white LED indicators complement the uncluttered styling to produce a sophisticated look and feel. The Z240 delivers extended, weighty and controlled bass, open and detailed mid-range, and refined top-end air and sweetness.

The Z240's design features:

- 50 Watts per channel output into 8 ohms and at least 70 Watts into 4 ohms
- Short, direct signal path with just a single high-speed low-loss film coupling capacitor
- Six separate inputs and bi-amplifier/subwoofer output
- Massive 2.2kg low-noise toroidal power transformer
- "High-end" power supply includes discrete "soft recovery" ultra-fast rectifier diodes which improve dynamic range by reducing induced RF 'noise'
- Speaker terminals wired internally using the acclaimed QED 'Silver Anniversary XT' cable
- Supplied with Myryad System Remote Control handset
- Myryad "Smart My-Link[®]" for intelligent system operation with other Myryad products

Specifications

Continuous rated power output (< 0.1% THD)	50W into 8Ω
Inputs	Tape 1, Tape 2, CD, NET, Tuner, Phono
Signal/Noise ratio (A weighted, ref. 50W)	102dB
Input sensitivity (ref 50W) Line inputs:	250mV
Frequency response (20Hz - 20kHz)	±0.3dB

Physical Specification

Dimensions (width x height x depth)	436 x 78 x 316mm
Weight, Net.	6.9 kg
Finish	Natural Silver fascia with Silver-Grey casing or Satin Black fascia with Black casing
